CIT Course Descriptions
General Education Course Descriptions

Other Options

- IT 1100
- CS 1400
- ART 1100
- ART 2060
- Any generals

Generals Advice

Math

The DES emphasis requires MATH 1100. We recommend taking the appropriate prerequisites to lead towards it.

Sample Math Chain
MATH 1000 > MATH 1050 > MATH 1100

Please also be aware that math scores expire after 2 years. If you haven’t taken math in 2 or more years, you will
be required to take the Math Accuplacer test and see what class you can test into. For this reason, we recommend taking care of math classes as soon as possible.

**CIS 1200**

Every CIT degree, excluding DES, requires both CS 1400 and CS 1410. Together, these classes fulfill the CIS 1200 generals requirement. Choosing the DES emphasis, you will have the option to take CIS 1200 or CS 1410 to fulfill the Computer Literacy generals requirement.

**AP CLASSES & PRIOR COLLEGE COURSEWORK**

If you have any taken any courses prior to coming to college that would count towards your CIT degree, you may need to see a CIT advisor to get them recognized by the CIT Department.
